1. **Status:** Receipt is acknowledged of papers submitted 06-14-2005 under amendments and new claims which, have been placed of record in the file. Claims 30,31 are pending in this office action. Claims 1-29 are cancelled.

Response to Amendment

2. Applicant has cancelled claims 1-29 and the new independent claims 30,31 are rewritten per objected claims. Applicant newly rewritten independent claims are sufficient to overcome the prior art rejection; and put application number 09998699 in condition for allowance. Applicant has amended the abstract per objection. The amended abstract overcomes the objection to abstract. The objection to abstract is withdrawn.

3. Claims 30,31 are allowed.

4. The following is an examiner's statement of reasons for allowance:

a touch screen calibration system comprising: a touch screen having a plurality of terminals; a control circuit associated with each of the terminals for applying a signal to associated terminals, and sensing current flowing to the terminals due to a touch on the touch screen; and a switching circuit for applying a calibration impedance to the touch screen; a microprocessor configured to calculate a measurement error upon application of the calibration impedance, and responsive to a touch, to apply the measurement error to obtain a corrected touch position from a measured touch position determined from ratios of currents flowing to the terminals and the microprocessor is configured to interpolate the
